### ITB Executive Panel: Future Air And Ground Mobility

Date	Time	Location
March 4, 2020	16:00 - 16:45	CityCube Berlin, Hall A4/A5

- We're already experiencing traffic collapses and massive environmental damage caused by unsustainable mobility systems today.
- Traffic systems in a state of upheaval: Flying cars and passenger drones, mobility platforms and the digital revolution, the renaissance of buses and trains - we are entering a new mobility age.
- What can urban aviation, artificial intelligence and digital platforms achieve and what are the limitations?
- What will passenger traffic look like in the future on the ground and in the air?
- What are the consequences for business and leisure tourism?
- What should countries, cities and rural areas do now to make transport systems fit for the future?
