

## Petra Thomas

Petra Thomas is Managing Director of forum anders reisen e.V., umbrella organization for sustainable tourism. The association, founded in 1998 with currently around 140 member companies, is committed to the development and dissemination of sustainable tourism based on substantive criteria that is oriented towards people and the environment.

The studied archaeologist and art historian has been representing the interests of forum anders reisen since 2010 chairing the board. In 2014 she changed to the management. Previously, the Hamburg native was responsible for product management and development, sustainability management and public relations for the tour operator a&e erlebnis: reisen, which specializes in socially responsible travel.
